To Whom It May Concern:

During the nine years we have known Beth McGee, she has overseen our two homes in Ithaca, New York exceeding 8,000 square feet in total and the surrounding real property. She has done exceedingly well and we have entrusted her with ever increasing responsibility. She is a housekeeper in the expanded sense of the word. Her cleaning techniques are thorough and detailed. During our winter absences, she oversees the properties while continuing to attend to normal and annual maintenance items.

Beth is extremely intelligent and competent, and would be successful in any multitude of endeavors. She is a self-starter with a lot of energy. She has the utmost integrity and a strong work ethic. We are sorry to be losing her with her move to Florida. Whoever does engage her will be getting a unique and valuable individual.

We would be pleased to provide more detailed references by phone.
