

To: Whom it May Concern

From: Hester and Ken Welch

Subject: Beth McGee

Beth has been with us for eight plus years, cleaning our house every two weeks. Her work is wonderful, thorough, complete, and always done with a sense of pride. Many times we have had conflicting appointments and simply have Beth come and lock up when she leaves, with absolutely no worry. We believe that you would be hard pressed to find a better person to do whatever you need done.

More importantly you should know that Beth is an intelligent, caring, energetic, loving person, who over the years has been helpful to us in many ways beyond her cleaning. We are going to miss her more then we can say and will always remember her as a friend and not an employee.

We recommend her without reservation and hope you will feel the same if you retain her services.
